

ACTIVITY FEES:

The Lake Local School District has implemented a pay to participate program designed to reduce costs to the general fund for operating co-curricular & extra-curricular activities. **Parents & students are advised that payment of fees does not automatically insure playing/participation time.**

Activity fees are generally collected within (1) week after team selections are made. The fees are collected on an advertised date in the high school cafeteria for all of the teams of a particular season. If full payment of fees are not paid on the posted date, then the athlete has (1) week to make payment or they are suspended from the team until such payment is made. "NSF" Checks are considered unpaid fees.

If a student qualifies for free or reduced lunch programs, then their activity fee is also reduced or free. This free or reduced program does not apply to registration fees for elementary athletic programs, summer programs, camps, or team wear purchases required by coaches.

Families who may qualify for free/reduced fees for student activities must complete The National School Lunch and Breakfast Program Application each & every Summer. These applications will have to be completed and time allowed for determination of benefits before determination of fees. These applications will be available after August 1st, each year from the high school office during office hours or from the Food Service. Please pick up and complete your application early, so there are no delays. Any questions concerning the National School Lunch and Breakfast Program Applications please call Chris Wilson at 419 661-6652.

Any athlete who is ineligible and a member of a team, must still pay activity fees. Activity fees are non-refundable if an athlete quits a team, is dismissed from a team or becomes ineligible after fees are paid. However, any athlete who sustains a season ending injury prior to first contest would receive a full refund. A physician's note may be required.

Checks are made payable to: Lake Local Schools.

Current fees for high school or middle school athletics are as follows:

1st Sport = \$70

2nd Sport = \$60

3rd Sport = \$50

Individual Cap = \$200 per student

Family Cap = \$360
